KARANGWA - As you will notice, the Outreach Committee is asking your support this month for Karangwa. He is in need of additional financial assistance because he will be unable to work very much this summer to support his upcoming school terms. He must take 2 science courses (biology and chemistry) over the summer in order to graduate in the spring of 2012. In addition, he needs to upgrade 2 other courses to meet the requirements for attaining his Chartered Accountant's designation. He will probably also require a tutor for his science courses, and that could be expensive. We urge you to continue to help Karangwa realize his dream of becoming a Chartered Accountant. You may contribute through Designated Givings # 222 on your regular envelope. I can see his smile already!
